SWISS SLEEP

THE FLOATING BOXSPRING BED WITH LIGHTWEIGHT DESIGN.

# Aurora

# Aurora

The Aurora Boxspring bed features impressively lightweight, elegant design and a floating appearance. The simple geometric design appears graceful, indulges the senses and promises a feeling of security for restful nights. The subtly cubic details bring out the characteristic accents of this riposa classic.

## Lightweight, elegant proportions

The lightweight, elegant cubic design creates a modern and harmonious feeling of space in any bedroom.

## Floating look thanks to the Cube system

The Aurora is invisibly fixed on the wooden «Cube» base and appears to float above the ground.

## Seamless appearance & anti-slip surface

The Aurora bed unit is optionally available in an end-to-end design, with a removable cover and anti-slip surface.

# Your unique piece.

Turn your Aurora into a truly unique piece – from the construction to the fabric colour.

## The choice is yours.

You can choose from over 70 fabrics and leathers in a wide range of colours and structures from the various riposa collections. Combine them with the wooden «Cube» base or the «Stiletto» metal foot (optionally available) and customise the Aurora to create your very own unique model.

# Special Edition Aurora Nuance

**The monochrome Boxspring bed with a fascinating tone-on-tone look.**

Swiss designer Jörg Boner has defined six monochrome colour families for the Special Edition Aurora Nuance. The individual parts – cover and feet – of the resulting bed variations complement each other in their tonality. This gives the Aurora Nuance a distinctively stylish, monochrome Boxspring look.

# Studio.

Our Boxspring studio in the Glarus region.

In our Boxspring studio in Oberurnen we produce exclusive Boxspring unique pieces every day – each bed bears the personal signature of an experienced employee. Thus the traditional profession of upholsterer, which had almost disappeared in Switzerland, lives on at riposa. Today we are also training new upholsterers in our studio.

riposa Swiss Sleep is an investment  
in your health – developed with  
experience and innovation,  
manufactured in Switzerland.
